Dec 2009

Associate firms (if any) :

Description of Project and Services Provided:

The Metro Viaduct Beautification project was undertaken for Roads & Transport Authority (RTA). This project involves the beautification for Phase 1,2 and 3 of the Red Line Metro Viaduct for approximately 18.5km from Safa Park to Trade Centre Roundabout and the VIP Terminal in Airport Road. This involved the detailed design and construction supervision of soft and hard landscaping for the abovementioned stretches.
